

Lu's Labs

Labrador Retriever Rescue

VOLUNTEER FUNDRAISERS NEEDED

Hit the ground running and start fundraising for our pups.

We are a non-profit dog rescue, which pours our hearts into rescuing Labs in high kill shelters living in our Southern states. None of us are Fundraisers; we may have hearts of gold, but our pockets are full of pennies. We need your fundraising expertise.

We don't expect you to wait for the phones to ring like on Telethons; nor do we expect you to hear Sarah McLachlan sing "Angel" and your phone will ring off the hook.

What we DO hope is that you will be enthusiastic and promote our mission of saving dogs. Cultivate relationships with businesses for funding/donations. Use your connections. Does your company do matching donations? Can you get in the door to talk to the person about it?

- Be creative and come up with fresh ideas for fundraising
- Think outside the crate
- Develop ways to increase donors and contributions
- Identify and build relationships with potential donors

Help us fill our pockets with green! Apply online at luslabs.org/volunteer
